## Legion Post Has Regular Meeting

At a meeting of the Fred and Percy Mansfield American Legion Post No. 90 at the City Hall Monday evening an effort was made to secure more surplus property for the veterans in this section. Members voted to send telegrams to congressmen, senators, and American Legion National Headquarters in Washington, D. C. protesting the small amount of surplus government property now going to veterans.

Post Commander Edward A. Jensen named the following permanent resolution committee: Loel Pence, Chaplain A. J. Lively and John T. Pickett, sr. Pickett reported that the City had agreed to donate a lot to the Legion post with the requirement that a Legion home should be built on the property within five years. The lot is located on Bacom Point Road adjoining the Boy Scout property.

Commander Jensen reported that new flags and rifles for the post had arrived and that a dedicatory service would be conducted at the next meeting to dedicate the flags. Carmen Salvatore, sr. reported that the clay for the baseball diamond at the city park was on the ground and asked for members to volunteer to help spread it.

I. J. Frasure asked that the Legion members cooperate with the City waterworks department in securing pipe to lay the pipe lines in Vetteville, the new subdivision for veterans.

The next meeting which will be conducted on July 15 will be a joint meeting with the American Legion Auxiliary. A potluck supper will feature the meeting.

## County Tax Roll Shows Increase For Year Of 1946

Showing a \$7,000,000 increase in assessed values of real estate and other tangible properties subject to taxation and a \$70,000,000 rise in valuations of intangible properties, the Palm Beach county tax roll for 1946 was presented Monday.

The county commission started sessions as a board of equalizers to hear any complaint on the assessments.

Complaint of the National Air Lines that the county's \$30,000 tax valuation on its airplanes was "arbitrary" and unlawful, was first to be received.

The commission voted to inform the NAL and also the Eastern Air Lines, against which the county has a \$60,000 assessment, that it is accepting the assessor's valuation. It asked them to file any further objections by Friday.

Total assessed valuation of tangible properties in the new roll is \$145,281,385 compared with the 1945 total of \$138,733,707. The total includes real estate valuations of \$117,270,020 compared with \$111,753,840 for 1945.

Homestead exemptions aggregate \$27,810,920 compared with 1945 figure of \$26,994,200. Assessor James M. Owens, jr., said there are almost 500 more homesteads in the county this year than last.

Valuations of tangible property against which taxes will be levied aggregate \$115,664,645, compared with \$108,327,137 in 1945. Making up the \$115,664,645 figure are \$69,459,100 worth of real estate; \$22,555,170 of personal property and \$3,650,375 in railroad and telegraph assessments. Valuations of intangible personal property total \$456,627,210 on the new roll. The 1945 figure was \$386,643,100.

This county will receive more than \$70,000 as its share of intangible tax collections for the current year. Commission Member Paul Rardin said.

## Christian Place Has New Body Man

Raymond Christian of the Christian Chevrolet company in Pahokee announces employment of Ex-Capt. Marion Hutton in the paint and body department. Mr. Hutton is an expert in his line and Mr. Christian is anxious that motorists in this area give him a trial when there is paint or body work to be done. The paint and body department at the Christian place is separate and apart from the mechanical department of the garage, thus giving Mr. Hutton plenty of space in which to work. The Christian place invites you to stop and see some of Mr. Hutton's work.

### BUS STATION MOVED

W. H. Webb, sr., has moved the bus station from the Big Lake Store on the Lake front to the Service Station across from the Everglades Memorial Hospital on the Belle Glade Road. Buses started stopping at the new station on Thursday of last week.

## Not Always A Crippler

People have a lot of strange notions about diseases, one of the most prevalent is that infantile paralysis kills or seriously cripples whomever it strikes. Proof to the contrary comes in the statement of Dr. Hart E. Van Riper, acting medical director of the national foundation for infantile paralysis, that as high as 75 per cent of those stricken with the disease can be expected to recover without serious after-effects.

In an article appearing in the June issue of "Hospitals" magazine, Dr. Van Riper goes on to say that the paralysis so commonly regarded as an integral part of polio has been shown to be a comparatively rare sequel of a wide spread innocuous ailment. It is notable, however, that Dr. Van Riper predicates a maximum recovery rate on accurate diagnosis, adequate medical nursing care with early therapy and immediate hospitalization.

With the polio epidemic season — usually ranging from late June through September—already evidencing itself throughout the land, it would seem wise for the nation to inventory its medical resources, so that crippling effects of the disease may be held to a minimum. It is comforting to the March of Dimes last January assures the best medical treatment available at general hospitals wherever polio strikes.—Clewiston News.

## Cinematic Chatter

By Malcolm Millar

On Thursday-Friday, July 11-12, there is a surprise show coming to the Prince Theatre and I sure hope you'll remember those dates and wait for it.

This show is "Frontier Gal", and it is going to turn out to be one of the best "glorified Westerns" that you have sat through in some time.

Lovely Yvonne De Carlos and tall and handsome Rod Cameron are the stars of the piece. There supporting cast is made up of such well known players as Andy Devine, Fuzzy Knight, Sheldon Leon-

ard, Andrew Tombes, and Beverly Simmons, and they certainly exert every effort to make this an outstanding picture.

According to the story: Rod Cameron is the unwilling husband of this fire ball (Miss De Carlos), Miss De Carlos plays the part of a female saloon keeper in a small pioneer town.

Cameron does a stretch in prison and upon his return finds he is the father of a very lovely daughter, (the daughter played by this little bundle cleverness, and a new comer to the movies, Beverly Simmons).

The girl is kidnapped and a wide search is instigated. After many thrills, which includes Cameron's battle at the edge of a cliff . . . which, by the way, is one of the

most thrilling parts of the show, the girl is rescued.

The picture is so well written that you find yourself roaring with laughter one moment and hanging onto the edge of the seat the next.

There is a battle between Miss De Carlos and Rod Cameron that is a honey. It is seldom that we see a man and woman put up such a terrific battle as do these two in this picture.

In the unrelenting of the story Miss De Carlos renders two song numbers, "Set 'Em Up Again Joe" and "What is Love." Fuzzy Knight, in his imitable manner renders "Johnny's Comin' Home."

It's a peach of an action show and I just hope you'll remember that date with Yvonne De Carlos and Rod Cameron.

See you at the movies—Mal.

## Carr - Kimball

The wedding of Miss Zona Gale Kimball, daughter of Mr. and Mrs. L. H. Kimball of Bryant and Jack Raymond Carr, son of Mr. and Mrs. O. K. Carr of Pahokee, took place at the Canal Point Baptist Church Sunday at 4 p. m.

Vows were exchanged before an altar banked with white gladioli and tuberoses arranged against a background of palms and fern. The Rev. J. E. Enlow, pastor of the Belle Glade Baptist Church, officiated at the single ring ceremony.

The bride given in marriage by her father, wore a two-piece suit of white linen trimmed with Irish lace, a white plastic hat with a circular sweep veil and a corsage of orchids. She carried a white prayer book. Miss Betty Jean Woodyard, her only attendant, was attired in a pastel blue crepe dress with matching accessories and carried a bouquet of carnations. Julian Branch was best man and Ernie Boland and James Gibson were ushers.

Mrs. Leo Wroten, soloist, sang "I Love You Truly," accompanied by Mrs. H. C. Graham and Miss Dorothy Chastain, pianist, played pre-nuptial music and the traditional wedding marches. Mr. and Mrs. Kimball were hosts at a reception in the social hall of the church following the ceremony.

The bride's table was laid with a lace cloth and centered with a three tiered wedding cake topped with a miniature bride and groom. Mrs. Sam Berry of Belle Glade, aunt of the bride, served the cake and Miss Rudy Williams was at the punch table. Miss Lois Echols presided at the bride's book. Others assisting the hostess were; Mrs. M. D. Geiger, Mrs. G. Lawton Sims, Mrs. J. S. Chastain and Mrs. A. R. Chastain.

The bridal party entertained Mr. and Mrs. Carr at a wedding supper at the George Washington Hotel in West Palm Beach after which they left for a wedding trip to Arkansas where they will spend a month. Mrs. Carr is a graduate of the Pahokee High School, graduating with 1946 class. Mr. Carr, a graduate of a High School in Arkansas, was recently discharged from the U. S. Army after serving three years, two of which were spent in the South Pacific. On their return they will make their home in Pahokee.

## TWO REGIONAL FAVORITES SUPERB FOR SUMMER

### FLORIDA SHRIMP TETRAZZINI

RECIPE: One and a half cups cooked shrimp; 3 cups cooked spaghetti; 3 tbsp. butter; 1 cup milk; salt and pepper; 3 tbsp. flour; paprika; 1/4 cup grated cheese; 1/2 cup fine, toasted bread crumbs. Arrange shrimp and spaghetti in alternating layers in individual ramekins. Then, melt butter, blend in flour, add milk and cook; stir constantly until thickened. Season with salt, pepper, and paprika. Pour over shrimp and spaghetti. Mix cheese and bread crumbs; sprinkle over top of each ramekin. Bake in moderate oven, 375° F. till golden brown. Serve with a tossed green salad, hot rolls, and frosty JAX Beer. Serves—six.

JAX has mailed \$5.00 to Mrs. H. C. Grey, Miami, Florida, for this tempting recipe. Send us your regional recipe suggestion. If published, \$5.00 will be paid for its use. Address: Recipe Editor, JAX Brewing Company, Jacksonville, Florida.

## And Sparkling JAX Mellow and Delicious!

Try this . . . and you'll agree! JAX Beer is indeed a true friend of favorite regional foods. Yes, Florida Shrimp Tetrazzini is good, and when JAX, the golden Drink of Friendship, is served as beverage companion . . . you've got a combination destined to "Flavor fame!"

Southeasterners agree . . . "good food is better" when there's plenty of brilliant, sparkling JAX on hand. They agree, too, that a beer brewed especially to suit their tastes—JAX, the great regional Drink of Friendship—is perfect. Make yours JAX from now on, and enjoy a brew of true, regional greatness!

Say JAX! you can't get better beer at any price!

## PROVIDING . . . Rural Telephones Is A BIG JOB

It's a big one . . . the job of providing telephone service to rural people scattered over hundreds of thousands of square miles in nine states.

But it's a job that we're pleased to be doing. Southern Bell trucks and men are becoming a more and more familiar sight along the rural roads of the South-east.

Of course a job of this size can't be completed overnight—particularly since more central office equipment must be installed at many telephone exchanges before additional phones can be connected.

You can be sure of this: We're doing the job, using the best equipment and technique Bell System experience and research can develop, and we'll keep on extending telephone service into more and more rural areas.

## Blight Resistant Celery Developed At Glades Station

Florida agriculturists were shown a new celery variety, resistant to blight, and a new bean, disease-resistant and a prolific bearer, as several hundreds of them journeyed to Belle Glade recently to review a year's scientific progress at the Everglades experiment station.

Growers who spent an entire day viewing experiments and discussing results with the University of Florida's crops of Everglades research scientists also learned that DDT is still tops among insecticides after another year of tests.

The new celery variety, not yet named, was developed by Dr. G. R. Townsend, of the Everglades station, collaborating with Dr. R. A. Emerson of Cornell university. Bred from crosses between Turkish celeriac and the commercial variety known as Cornell 19, the new celery has proven virtually immune to early blight. Without fungicide treatment of any kind, stands of the new variety are now thriving at the experiment station. Nearby plots of the Supreme Golden variety have succumbed to blight despite 16 different fungicide treatments.

The new bean developed at the Everglades station is being released to seedsmen this year. An improvement on the Florida Belle variety, it will be known as the Dixie Belle. Growers who saw it were impressed with its prolific and uniform bearing characteristics, high quality and resistance to disease.

DDT, the wonder insecticide developed during the war, is still performing miracles against insect infestations of Florida crops, experimental plots at the station near Belle Glade showed. Station scientists have found during the past year that DDT is effective in smaller proportions than used formerly.

As a weapon against the aphid, which is immune to DDT, the scientists have developed benzene hexachloride. Experiments showed that it is effective against the little sucking insects when used either as spray or dust.

## A New Booklet On DDT Facts and Fiction

has just been published from the pen of C. F. Ladeberg, manager of the Insecticide Division of the Kilgore Seed Company, which indeed is a most timely and informational treatise which should be in the hands of every progressive farmer.

To the end that this is possible Kilgore has supplied the stores at Belle Glade and Pahokee with a limited number of these booklets, which are free upon application. They are booklets that should be preserved for the farmer's library, as it will be a work often sought for, the latest and best information on DDT and its companion insecticides, for it contains the formula and manner of use of all the combinations possible of this important new WONDER insecticide, along with its chemical history and adapted uses.

### CHURCH OF CHRIST, SCIENTIST

"GOD" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, July 7.

The Golden Text is: "The earth shall be filled with the knowledge of the glory of the Lord, as the waters cover the sea" (Hab. 2:14). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, the days come, saith the Lord, that I will make a new covenant with the house of Israel, and with the house of Judah: And they shall teach no more every man his neighbor, and every man his brother, saying, Know the Lord: for they shall all know me, from the least of them unto the greatest of

them, saith the Lord: for I will forgive their iniquity, and I will remember their sin no more" (Jer. 31, 34).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Christian Science God is universal, eternal, divine Love, which changeth not and causeth no evil, disease, nor death" (p. 140: 25-27).

### Batchelor - Sweetland
